Mr. J.S. Beharell,  
District Welfare Officer,  
Department of Native Welfare,  
KALGOORLIE...W.A.

Dear Mr. Beharell,

Thank you for your letter. I was very pleased to learn that you had managed to get me on the Flying Doctor plane for the 14th to visit Cundeelee. I have met Dr. Riseborough before, and I wrote to him last week about the possibility of a trip with him.

The best thing will be for the rest of the party to remain in Kalgoorlie until I get back from Cundeelee, and then we can all proceed to Leonora on the 15th. I am trying to persuade Wilf Douglas to come along with us as an interpreter, since I am anxious to collect some detailed information on family structure and pregnancy experience in the Leonora and Laverton camps.

We have booked in at the Palace Hotel for next Saturday, and perhaps you would leave me a note there telling me where to go and at what time to contact the Flying Doctor plane. But I will also get in touch with you soon after arrival.

Kind regards,  
Yours sincerely,

---
