

ROYAL PERTH HOSPITAL

TELEPHONE: 23 0111. BOX X 2213, G.P.O. PERTH, WESTERN AUSTRALIA, 6001

Department of Haematology

26th June, 1972.

Dr. R.L. Kirk,
Department of Human Biology,
Australian National University,
CANBERRA.

Dear Dr. Kirk,

Many thanks for doing the serum and red cell enzyme polymorphisms on our aboriginal specimens. I hope you gained some worthwhile information. The analysis of the leucocyte antigens is proving most interesting.

Enclosed is a copy of the paper submitted for publication in Histocompatibility Testing 1972.

Yours sincerely,

Robert A. Cross.
